Professional Profile

Highly experienced Special Education Tutor and Health Care Assistant who has the extensive experience across SEN education, health care, and the social care setting. I have a proven ability to support children, young adults, and adults with a complex need in both education and care environments. I have that very strong knowledge in safeguarding, person-centred care, data protection, and regulatory compliances. I am calm, reliable and also committed to supporting individuals, allowing them to fully achieve their full potential.

Key Skills

- Special Education Needs Disabilities (SEND)
